**QUINTE ALLIANCE
CHURCH**

Welcome, ladies!

The Women's Ministry of QAC is a ministry by women, for women with an emphasis on discipling and encouraging one another through mentoring, developing connections, teaching, fellowship and service opportunities to each other and the community.

The spring and summer are times of renewal and rejuvenation . Our winter programs were an excellent time of connecting with one another and forming new friendships.

We look forward to building on those relationships through informal summer activities such as our hikes and the Summer Socials for church family.
